Is there anything more inspiring than Steven Universe's mom? No. No, there isn't. And if you think there's is, we'll be inspired anyway! That's why the knitters of the world believe in Garnet, Amethyst, and Pearl. And Steven!

Ahem. That went in a weird direction. Oh well. If all descriptions were thought out articles, there would be no ~~hotdogs~~ captions. Based Rose Quartz's shield and sword, this is the perfect accessory for saving the world.

Recommended Yarn

1 ball each (100g) of 3 colors of Lattes and Llamas Vacation Yarn (100g/460 yards). Sample was knit in Alistair (color A), Baskerville (color B), and Princess Bubble Gum (color C).
