Crochet Instructions:

Chain 45 with complementary color 1 (cc1). Lay the main color yarn (mc) across working yarn. Ch 1 in cc1 to trap the mc in the stitch, so that it’s ready to be carried along the top of the ch.

Row 1 (right side): This row corresponds to row 1 of Chart B. With cc1, sc in each ch across, working over the mc. = 45 sc

Turn, ch 1, and continue working the color chart back and forth until complete, making sure to sc over non-working yarn. In the last stitch of row 34, change from color cc1 to cc2.

Note: When changing from the working color to a new color, work the last stitch to be done in the working color until two loops remain on the hook. Draw new color through the two loops on hook. Continue to work the new color as normal.
